AT THE MAJESTIC

With each succeeding year the task of handling a mob for purposes of the picture-play seems to approach a greater degree of efficiency. System has begun to play a part in the conduct of the big producing plants, and little time is now wasted on account of inability to care for a small army. The operation of a system in this respect was strikingly demonstrated recently at Inceville during the production there of "The Captive God," the Triangle-Luce "Aztec" story, in which M. Katterjohn, in which William S. Hart is to be seen tonight at the Majestic. This drama called for more "extras" than has any other play from the Ince corner of the Triangle.

Coming—"Beatrice Fairfax," first episode next Sunday and Monday

is spectacular posing. Her partner is an exceedingly graceful young man whose chief occupation seems to be supporting Miss Mishka in her various poses. The act is undoubtedly one of the prettiest and best of the many and varied dancing acts in vaudeville and is far ahead of the usual offering of this type. Hager and Goodwin scored heavily with their songs and burlesque offerings. The two boys put on an imitation "spieler" stunt in which the various noises attendant upon the presence of a carnival are imitated. La Belle Fatima seems to be the chief attraction, while the orchestra using musettes and tonitoms offers a very fair reproduction of those musical sounds which emanate from La Belle Fatima's tent. Grew, Patis & Co. have a dramatic sketch which is well acted and offers about equal parts of fun and serious drama. The acting is rather good, and the girl in the skit doing a semi-hysterical young wife with a mistaken and comic plaint against her husband in a manner bespeaking real ability. Nadje, the athletic girl, opens the show.

HIGH SCHOOL NOTES

The cafeteria, installed last year in the local high school, and which proved such a good friend to the student who is forced by circumstances to bring his lunch, will open its doors to the scholars on Sept. 7. Mrs. Alma Almloff will again be in charge, with two new assistants, Mrs. Ida Kroeger and Mrs. Augusta Hickey.

The cafeteria has been rearranged and steps will be taken to accommodate the increase of students on their return to school. Several times last spring the kitchen ran short of food before the appetites of the students had been entirely appeased. Arrangements have been made to prevent a recurrence of these conditions this year. The students are united in praise of Mrs. Almloff's cooking. Besides providing a warm lunch for scholars unable to return home for dinner, the cafeteria has been the scene of many banquets and spreads, such as the literary and alumni banquets last spring. Excellent meals were served at these gatherings, and in all probability there will be many such banquets in the future to test the culinary skill of Mrs. Almloff and her assistants. Before the cafeteria was installed it was necessary to hold all class dinners and banquets at the Y. M. C. A. or in the manual arts building, where the meals were prepared by students of the domestic science department under the direction of Miss Blazier.

Three More Days of Franc's August Sale

And last, but not least in importance, are these three days. Naturally, after the heavy selling produced by our great August Sale, we find an accumulation of many odd pieces. Wednesday, Thursday and Friday are the days we have picked for their disposal. The prices at which we have marked them—and the further reductions—make their speedy exit a certainty. The articles listed below are merely typical. There are dozens besides these which are of equal or better value. Come, expecting bargains of a lifetime.

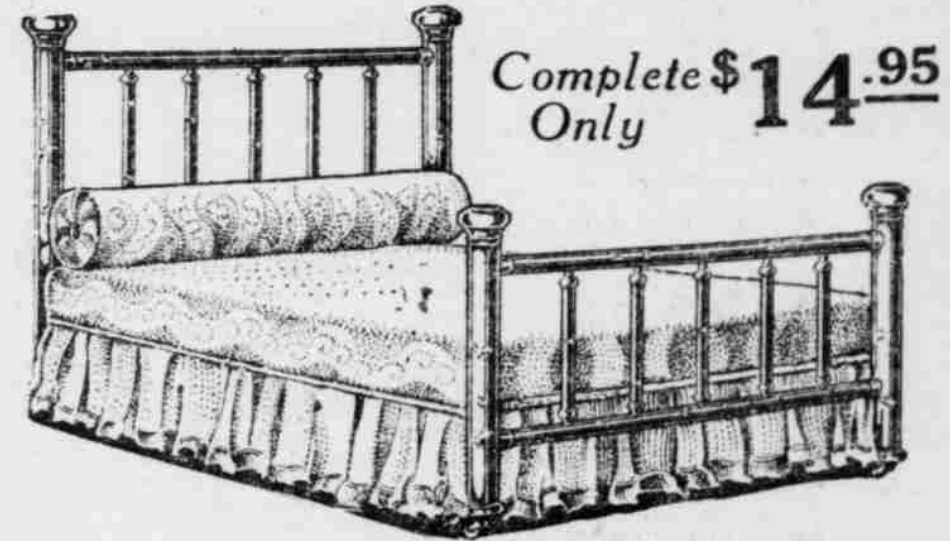

Genuine Brass Bed, Cotton Mattress and Spring

Not only the extremely low price but the genuine merit of each of these three pieces will at once appeal to you. Here, surely is value giving.

THE BED has the genuine Simmonds trade-mark plainly stamped on the front rail. So much for its quality. The appearance, of course cannot be so quickly nor easily described. You really must see it. The posts are two inches and the fillers are proportionate.

THE MATTRESS is built entirely of soft, stuffy cotton enclosed in a neat art tick.

THE SPRING is a National, woven wire fabric durable and comfortable.

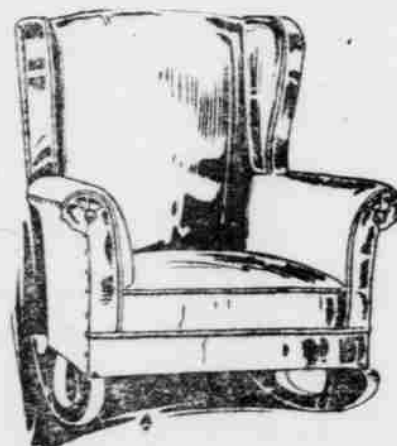

Complete \$14.95 Only

Lowest Prices of the Year on Rugs

Choose now if you wish to save from a third to a half on later fall prices. Convenient terms gladly arranged on any rug purchased.

Genuine \$17.75 Leather Rocker

Can you remember when a rocker of this type, a big, roomy and comfortable one that fairly radiates luxury, ever sold at near this price? Upholstered in genuine Spanish leather, too.

9x12 Brussels, good quality \$12.75

A durable grade in neat patterns. The face is all wool and the colors are guaranteed fast. Choice of oriental and floral designs.

Extra Quality 9x12 Brussels \$16.00

You see quality in these rugs seldom found for less than \$21 or \$22. The choice of patterns and colors is also unusually attractive.

Room Size Velvet rugs \$16.75

These are entirely woven of wool, insuring long wear and fast colors. The patterns come in choice of Oriental, floral or all-over figures.

High Grade Luxurious Axminsters, \$24.50

Many things distinguish these from rugs selling at less than \$30 to \$35. The long soft nap for instance, which gives a luxurious "feel" to the tread. It also prolongs their wear two-fold. The choice of patterns is so large and varied—so interestingly new—that you find just what you want easily and quickly.

Massive Colonial Library Table, \$11.75

Exactly as pictured. The top measures 45x26 inches. Constructed of hard wood in golden oak finish, beautifully polished. Just a few left.

Convenient payments gladly extended on any sale purchase if desired.

Wonderfully Beautiful Wilton Velvets, \$26.00

Yes, and wonderfully fine wearing rugs, too, is this lot. One of these rugs will give years of service. Nearly every pattern is a reproduction of some beautiful Chinese or Oriental specimen. Such patterns and colorings you never tire of but your admiration actually increases with the years. And you save from \$5 to \$10. At least, see these beautiful rugs before purchasing.

Solid Oak Extension Table, \$9.85

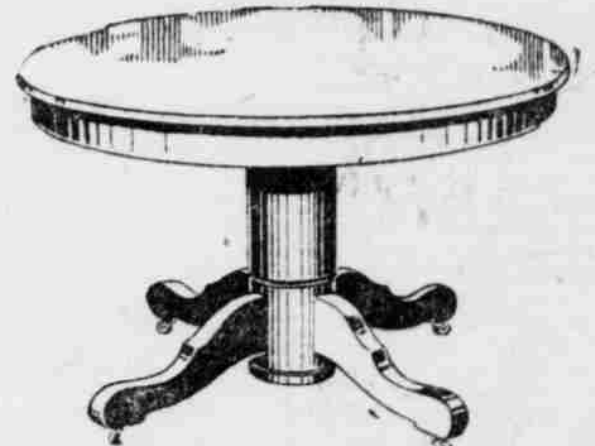

Table is excellently constructed of genuine oak, polished golden. Top is 42 inches and opens to 6 feet. A remarkable value at the August Sale Price.

NEGRO ARRESTED FOR TRAIN THEFT

Police Respond to Phone Call and Capture Man on Arrival Here—\$40 Found in His Shoes.

George C. Chatham (colored) of Oklahoma was taken from an east-bound Rock Island train and placed under arrest at the Thirty-first street station today, on the complaint of Bert Holmes of Clinton, Iowa, who charged the negro with stealing a wallet from his pocket containing two \$20 bills.

Riding along on the train, a seat in front of Chatham, Holmes had removed his coat, throwing it over the back of the seat. Afterward when he again put on his coat he noticed the absence of the wallet and immediately became suspicious of the negro. Holmes called up the Rock Island police station and asked that policemen be sent to meet the train on its arrival here.

The police were at the station when the train arrived and soon located the negro. A search of his clothes revealed the two \$20 bills that he had tucked away in the bottom of his shoes. He was taken to the police

headquarters, where he is being held pending the issuance of papers for his return to Clinton, where Holmes went to get out a warrant for him.
